LET US BE DRINK.

After an absence from the journalist field for a time it becomes your correspondent to be epigrammatic rather than too prosy in his first essay. So let it be. I know your valuable columns are crowded with more entertaining reading than any lengthy article of mine on political affairs can possibly be, so I will simply give you what I think is information.

Recently Congressman Reilly told me that he would have little or no opposition for re-nomination in the convention. "By that time," he said, "my opponents will have seen the futility of kicking against the inevitable." This was weeks before the county committee meeting of the 24th inst., when Reilly's victory over the opposition over Mr. Murtha P. Quinn and his alter ego in politics, Big Jack, was so well earned, if not so pronounced, and his words seem most prophetic, because it is pretty well established that Hon. J. B. H. will be re-nominated by his party for his old job.

"AYE, THERE'S THE RUB." But how about the election if either John T. Shoener or Hon. C. N. Brumm are pitted against him? Mr. Sassy Aggressive Leach is not in it for the office of Congress or anything else, this time, so I can afford to be very epigrammatic so far as he is concerned. He has many enemies of one-half of the Republicans in the county by his recent actions on Court House hill while losing nearly the entire following he had in the Democratic ranks, which saved him from defeat for Legislature two years ago. If he ever shows his barren pate in a contest for office again, he will see how voters will as easily desert his cause as before they rallied to his support. The people of this county are about done with the politician who lives off the business and can't live without it.

HOW ABOUT SHERIFF?

Mr. Reilly's nomination will have no effect on the nomination for sheriff, unless too many of one kind force themselves to the front. The Congressman will then have to favor a man whose candidacy will strengthen the ticket. Given the nominee for Congress south of Broad mountain, the present sheriff being also from that section, the nomination for the latter office will belong to north of the mountain. This makes the chances of your townsman, Hon. T. J. Higgins, superior to all competitors. If a Democrat is to be elected why not limit the choice to the genial Higgins? Ex-Poor Director Berger, who played the baby act last year when Curran beat him in the convention, will not reach a second ballot this year. Gerald McKernan is a good man and there are Democrats hereabouts who would like to see him win, but the claim of "above the mountain" people injures his chances somewhat.

Mr. M. E. Doyle, of your town, has announced himself for the lower house of the Pennsylvania Legislature, to his intimate friends. Of course, the HERALD will "go" for him.

William McQuall's little boom for Congress petered out long since. The big harvest of Blythe will reserve hisatory for the wilds of West Virginia. In the new reader to be adopted for use in the public schools of this Commonwealth is to appear this:

## THE COMING CAMPAIGN

Political Prognostications By an Old Correspondent.

## THE STATE AND COUNTY

Hon. James B. Reilly Will Undoubtedly Receive a Re-nomination for Congress. But There is a Hazard About His Ability to Beat Shoener or Brumm.

SPECIAL TO THE HERALD. POTTSVILLE, March 30.—It will be most surprising if politics in this county, especially within the ranks of the Democrat, does not commence to wax hotter and hotter from the beginning of the incoming spring month and so continue until the close of the fall campaign. There are various causes which have united to quicken political ardor so early this year and the most obtuse observer cannot fail to name them. Prominent and most noticeable of these causes are the sweeping Republican victories of last November and February and the naming of an early state convention by the committee of last party for the nomination of principal state officers of Governor, Lieutenant-Governor, Auditor-General and Secretary of Internal Affairs.

GOVERNOR DAN. It goes without saying that prince of good fellows and Nature's nobleman, ex-Adjutant General Daniel H. Hastings, of Centre county, nominally, and of the United States, universally, will be nominated by acclamation for Governor by the convention and elected almost unanimously by the people. It matters little whether Walter Lyon, of Pittsburg, or "Jack" Robinson, of Chester county, gets on the ticket for Lieutenant-Governor, or not, or who are named for Governor, Auditor General and Secretary of Internal Affairs. It is conceded by all right-minded Democrats that saltpetre wouldn't save from defeat any state ticket the Democracy may place in the field and that party is now actually going begging for state candidates this year.

THAT DOG WON'T FIGHT. There is, for instance, Pop Slingerly, of the Philadelphia Record, who would like to succeed his dear friend, "Bobby" Pattison, and become "Your Excellency" for a term, but all the blandishments of his friends, Abek McClure, of the Times, and Charles Emory Slingerly, of the Press, tending to bring out the smart and witty Record owner are like pouring water on a duck's back. No, "that dog won't fight" this time, and it will be difficult to find one that will. So our friends in the hope-less ranks of Liberty and Union have virtually given over the state offices to the party of General Hastings and War-horse Grow, two winners from Winner's Creek—away up.

It is said that the Democrats of the

80th Senatorial district are in a great quandary for want of a man to beat Major Finney for Senator this fall, as it is well assured the Major will be the Republican nominee.

"If you don't see what you want ask for it," and Mr. S. C. Kirk knew how to do it.

## THE DESTROYED BREAKER.

Workmen Already Clearing Away Debris at Park Colliery.

SPECIAL TO EVENING HERALD. PARK PLACE, March 30.—The origin of the fire in Park Place colliery, No. 3, is yet undetermined, but it is stated the building was heated by nine stoves, one of which stood about where the blaze was first seen. Lafayette Lentz, one of the principal stockholders of Lentz, Lilly & Co., viewed the ruins this morning, and it is stated on good authority, that he gave orders to re-build the breaker at once.

A gang of men was put to work last night clearing away the debris and if the owners' calculation do not fall a substantial new breaker will stand on the site of the old one within three months. In the meantime 700 men and boys must look elsewhere for employment. Of this number about 75 reside in Mahanoy City. The fire fighters had several narrow escapes yesterday morning. Several men were directing the course of a stream from the tip, unmindful or unaware of the danger directly beneath them. They stopped back for an instant to drag up more hose, when the timber upon which they had stood fell with a great crash into the roaring flames below. A cave in occurred just east of the breaker at about nine o'clock. The breach was 10 by 30 feet on top and fell about fifteen feet. Singularly enough it did not fall until after several curiosity seekers had passed over it.

## GAME AND FISH.

The Association for Their Protection Holds a Regular Meeting.

MAHANAY CITY, March 31.—A regular meeting of the Game and Fish Protective Association of Mahanoy City was held in Bensinger's hotel last evening at which the following officers were elected: President, E. S. Silliman; vice president, John W. Parker; secretary, Frank S. Miller; treasurer, H. K. Smith; solicitor, T. B. H. Lyon; executive committee, W. A. Bensinger, chairman; Dr. D. H. Hentschler, J. K. P. Scheffly, E. S. Silliman, John W. Parker, H. K. Smith, Frank S. Miller, Frank Wentz, Christ Logan, Lincoln Fromm.

The auditing committee found the reports of the officers correct, and reported \$41.00 in the treasury. Several communications were read from Pottsville, Shenandoah and other points, reporting cases of illegal fishing. The association will take steps to procure licenses against the parties and prosecute them to the full extent of the law.

Ten dozen Virginia quail were ordered for distribution in the woods north of the mountain. It was decided to issue 100 extra membership tickets, and an active canvass will be made to place them among that number of the citizens of the town. The association has waived the initiation fee, and admission may now be made through any of the officers by paying the yearly dues of fifty cents, provided application is made before April 15th, when the fishing season opens.

## Hair Breadth Escape.

SPECIAL TO EVENING HERALD.

MAHANAY CITY, March 31.—John Shallow had a miraculous escape this morning. He was driving from the North Mahanoy colliery towards Commercial alley and failed to heed the warning whistle of the engineer of engine No. 23 at the Lehigh Valley depot. The tank end of the engine struck the wagon and threw the horse to the side of the track. The body of the wagon was torn from the wheels and with Shallow seated in it was thrown up on the platform of the freight depot. Shallow escaped injury, but his horse was fortunate, although not very badly injured.

We will offer another lot of men's white shirts at 50c, all sizes, just received. These shirts are equal in quality and finish to any 75c goods.

L. J. WILKINSON, 29 South Main St.

## Court Adjourned.

As but few civil cases are ready for trial Judges Bechtel and Weidman have decided not to hold court next week and the cases ready are thus postponed until the next term. This is an economical step, as the cost to the county in holding court would be too great for the number of cases which would be tried.

For the best photographs go to Wonder's, southeast corner Market and Centre streets; Pottsville.

It has been safely asserted a thousand times that nothing equals Dr. Cox's Wild Cherry and Seneka for coughs and colds.

## BOARD OF HEALTH!

A Regular Meeting Was Held Last Night.

## SOME POINTS DECIDED!

Active Steps Taken to Condemn Grounds For Use as Public Dumping Places—The Old Grounds South of Town Thought to Be the Most Suitable.

A regular meeting of the Board of Health was held last evening, at which President Spalding, Secretary Scanlan, Health Officer Miles and Messrs. Miles, McHale and Broughall were in attendance. The report of the secretary showed an exceedingly gratifying decrease in the reports of disease, there being but one new case of typhoid fever and one new case of diphtheria since the meeting held three weeks ago.

Mr. Miles stated that as he understood the P. & R. C. & I. Co. had decided that it could not designate any place as a public dumping ground, and as the Borough Council had stated that it practically has nothing to do with the health regulations of the town, he thought the Board of Health should take some steps toward designating some place as a dumping ground. He favored the old dumping place south of the railroads and west of the Cambridge colliery.

Health Officer Miles said that Mr. S. A. Beddall, agent for the Gilbert estate, had stated that the ground designated could be secured providing the dumping would not interfere with the creeks and roads.

On motion, the secretary was instructed to notify Undertaker O'Hara to file a certificate of burial he has withheld for several weeks and at the first failure to comply with the rules hereafter will be met with prosecution, and without notice.

The question as to whether the board has power to compel the cleaning out of cesspools at night time was discussed at length. The board does not think it has the power.

The board also decided that burial permits must be secured in cases where children are still born.

After adjournment the members of the board visited the cellar of the borough building to investigate its sanitary condition. They expressed the opinion that several improvements could be made in the place, but took no official action.

Our old friend, Comrade J. K. Swoyer, of Jenkintown, Past Junior Vice Department Commander, has been appointed Assistant Inspector-at-Large of the Department of Pennsylvania of the G. A. R. There are few towns in Pennsylvania where Comrade Swoyer cannot find friends. He is well and favorably known in this town and county and is often taken for Joe Henegany, formerly of town but now a leading hotel keeper in Clearfield county.

Rev. D. Avon Jones, who has been spending the past week here as the guest of friends, left this morning for Drifton, at which place he will preach on Sunday next. On the 13th inst. he will preach at Jermy, Luzerne county, and will then return to his home at Lindsey, Jefferson county. Rev. Jones left Shenandoah four years ago as plain Mr. Jones and continued working in the mines in the western part of the state, at the same time pursuing his studies for the ministry. On October 27, 1889, he was ordained in the Welsh Congregational church at Lindsey and has since had charge of that church as pastor, although his actual charge commenced in the preceding July. Last Sunday Rev. Jones preached in the Welsh Congregational church of this place before one of the largest assemblages seen to the edifice for several years. He has many warm friends here who were pleased to see him and hear his preach, and they will be pleased to have him return whenever he can make it convenient.

## New Vote Required.

J. K. P. Scheffly, at whose hotel the Second ward election poll has been held for over fifteen years, has notified the County Commissioners that he does not wish the poll there any longer. At the same time he notified the Commissioners to remove the booths and other fixtures from the premises, as he contemplates making a number of alterations in his property. The stuff is now in his way and he will have no room for it after the changes are made. Mr. Scheffly will build a dwelling at the Market alley end of his property.

## A Fast Trip.

Engine 803 of the Philadelphia and Reading Railroad, which draws the express train leaving Pottsville every morning at 7 o'clock, made a record on Thursday. The train arrived at Reading 41 minutes late on account of the destruction of a bridge near Port Clinton by fire. Upon starting from Reading the engine was put forth to make up the lost time. The run to Pottsville, 25 miles, was made in 16 minutes. The speed was kept up and the run from Reading to Philadelphia was made in 1 hour and 11 minutes, a gain of 16 minutes over the regular time.
